

# The Manhattan Directory of Private Nursery Schools

Back by popular demand, this directory of private pre-schools in Manhattan has been updated and revised for the fourth time. Class size, tuition, curriculum, total enrollment, hours, admissions procedures, facilities, and educational approaches are covered thoroughly. In addition, the book describes each school and its faculty, student body, and parent community in a way that will assist parents in making decisions about their child's future education. The book conveys the personality of each school, allowing parents to choose and eliminate without having to go through the arduous work of gathering all the information from individual institutions and fellow parents. This directory is a perennial reference for anyone contemplating private nursery-school education in New York.
