

Trucking Air Imports & Exports Freight Forwarding Style: WHAT IT TAKES TO PROVIDE TRUCKING FOR THE FREIGHT FORWARDER INDUSTRY FOR AIR EXPORT AND AIR IMPORTS

In this book, we take an extensive look into the Trucking as it relates to the Air Import & Export of the Freight Forwarding world. People see trucking as a one stop shop that goes from one location to the other; they see it as a business that doesnt have much to it. But this book takes you on a detailed walk into the world of Trucking from a completely different and special angle than what most people believe it takes to get the job done for Freight Forwarders. With over 30 years of experience in the industry, weve tried to share an insight on what trucking looks like from this set of glasses. We want to encourage you to take a look at this book and leave us a review on what you think about it, after youve read the book. We hope this helps everyone thats interested in the Freight Forwarding industry or in Trucking; to understand what it takes to get the end user their cargo(s) with speed and dexterity.
