

Missy Brightstar or Pygmalions Blunder: The story of an innocent girl and the man who led her astray

They say love is blind. I say its deaf, dumb, blind, and borderline criminally insane. Thus begins Michael Preslyns account of how he wins and loses the love of the finest girl he has ever known. Michael is about to begin work on his Masters degree. Hes a serious and dedicated student, but he has one little quirk, an obsession with lesbianism and female bisexuality; he longs for a threeway relationship. Danni is an innocent and naive little country girl about to start as a freshman at the university. When he meets Danni, Michael thinks he has found the girl of his dreams. In guiding her intellectual and sexual development, he sees himself as a modern-day counterpart of the mythical Greek sculptor Pygmalion, falling in love with the perfect woman he is crafting. In leading her down the dark side streets and back alleyways of love, he finds her willing and even eager to experiment sexually with him. But when he broaches the idea of a menage a trois, he finds that there is a limit to Dannis compliance. His idea of a threesome drives her first into lesbianism, then dancing in a strip joint, and ultimately into the world of adult films, where she finds fame as Missy Brightstar, one of the biggest names in lesbian pornography. Dannis journey from sweet little country girl to lezporn superstar is a delightful romp, told with a tongue-in-cheek tone and frequent laugh-out-loud humor that lift this novel above the general run of erotic romances.
