

Trespass: Living at the Edge of the Promised Land

Trespass might as well be Desert Solitaires literary heir . . . Its hard to imagine a personal history more transporting that this one. Judith Lewis, Los Angeles Times Book Review Trespass is the story of one womans struggle to gain footing in inhospitable territory. A wilderness activist and apostate Mormon, Amy Irvine sought respite in the desert outback of southern Utahs red-rock country after her fathers suicide, only to find out just how much of an interloper she was among her own people. But more than simply an exploration of personal loss, Trespass is an elegy for a dying world, for the ruin of one of our most beloved and unique desert landscapes and for our vanishing connection to it. Fearing what her fathers fate might somehow portend for her, Irvine retreated into the remote recesses of the Colorado Plateau home not only to the worlds most renowned national parks but also to a rugged brand of cowboy Mormonism that stands in defiant contrast to the world at large. Her story is one of ruin and restoration, of learning to live among people who fear the wilderness the way they fear the devil and how that fear fuels an antagonism toward environmental concerns that pervades the region. At the same time, Irvine mourns her own loss of wildness and disconnection from spirituality, while ultimately discovering that the provinces of nature and faith are not as distinct as she once might have believed.
