

The Heathens Guide to World Religions: A Secular History of the One True Faiths

The Heathens Guide to World Religions is a humorous but accurate history of the murder, lust, greed, and sheer stupidity that have made the worlds religions what they are today. Hopper represents the most lethal of organized religions many opponents: a curious, well-educated individual with a sharp wit. ~Queens University Journal Review Wickedly fun and informative.~Toronto Star The Heathens Guide To World Religions has taken up permanent residence on my bookshelves... a masterfully written, wonderfully funny, and deliciously snarky trip down religious lane. ~Al Stefanelli, UNITED ATHEIST FRONT. Reads like Monty Python in religious garb... easily one of the best places to invest your book buying dollar. ~Georgia Straight
