

Buon Appetito, Your Holiness: The Secrets of the Papal Table

That many of the Popes throughout the two millenia of Christianity lived and ate well is common knowledge. This vivid history of the papacy reveals not only the culinary secrets of the papal kitchens but offers many of the favorite recipes with which the Holy Fathers regaled themselves. We meet the thirteenth-century Pope, Martin IV, whose excessive love of eels literally killed him; Leo X, who favored sugared capons covered in gold leaf, and Pius IX, who always ate a simple but nutritious lunch, punctually at two o'clock, washed down with a glass of fine Bordeaux. Skyhorse Publishing, along with our Good Books and Arcade imprints, is proud to publish a broad range of cookbooks, including books on juicing, grilling, baking, frying, home brewing and winemaking, slow cookers, and cast iron cooking. We've been successful with books on gluten-free cooking, vegetarian and vegan cooking, paleo, raw foods, and more. Our list includes French cooking, Swedish cooking, Austrian and German cooking, Cajun cooking, as well as books on jerky, canning and preserving, peanut butter, meatballs, oil and vinegar, bone broth, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
