

Wised Up

Wised Up is a story of atonement for Charlie Wilhelm, a career criminal who ended his life of crime the year he turned 40. Going to the FBI with no lawyer and no criminal charges against him he went undercover, wearing a wire to catch his life-long friends for drug dealing, bribery, loan sharking and murder. This intimate story, told in Charlie's voice, is the first to expose organized crime in Baltimore. It reveals the complex relationship between an informant and his FBI handlers, and explores the tormented mind of a man with Post Traumatic Stress Disorder who faces the consequences of doing the right thing, while turning against his crime family.
