

The Lunar Key: An Adventure in Understanding Your Dreams

More than a dictionary with canned descriptions of icons and symbolism, The Lunar Key is a personal experience in the processing of dreams. In the style of Jungian dream typology, author Dr. Kym Maehl guides the reader on the epic journey of self-discovery through the dream-time canvas of artist, Deana Hoover. Enriched by her own dreams following the death of her young nephew, Maehls writing is rich with heartbreak and transformation, touching on both the here-and-now and the transcendental connection of souls. The Lunar Key is intimate, entertaining and pragmatic, highlighting the value and purpose of dreams, in addition to dream journaling and personal dream dictionaries. This is a handbook for all interested in unlocking the mysteries of their dreams, and mostly for those interested in allowing their dreams to open their hearts.
