

Tourism Market Trends 2006 - Africa

Tourism Market Trends is UNWTO's regular series of reports with a comprehensive and timely analysis of international tourism trends in the world and the various regions, subregions and countries. The series examines short- and medium-term tourism development and analyses statistical information on a set of indicators including international tourist arrivals, international tourism receipts, arrivals by region of origin, purpose of visit and means of transport, volume of trips abroad, international tourism expenditure, etc.
