

Authors Picks: Favorite Works of Orthodox Christian Mystical Theology (Major Works)

This offers a motley selection of Authors Picks from the theology section of the library at Jonathans Corner. The works are diverse, sometimes surprising, and often surprisingly creative even when treating theology that is not about being creative. The works flow out of a lifetime studying the Bible and years of walking the Orthodox Way and sitting at the feet of the Fathers. If you read just one work out of the collected works of CJS Hayward, this one would perhaps be the best.
