

# The Guvnor: Through the Eyes of Others

One of the most notorious figures ever to emerge from the East End of London, Lenny McLean had a reputation that was held dear by his friends and associates and feared by his enemies. In this fantastic new book, friends, family, colleagues, and adversaries have all come together to share how they knew Lenny and the part he played in their lives. He is known as a formidable fighter and a feared enemy, but these accounts tell of a man who had a big heart and always had time for his friends. This book gives the famous and infamous a chance to share their memories about a man that they loved.
