

The 8 Principles of Success: What You Need to Succeed

Steve has really captured what you need to do to create success in your life Terry Jones, property entrepreneur and business owner The key to getting your life back on track after an adversity is focused and purpose. That is exactly what Mr. Harrington gives to the reader in a easy to understand guide. I was impressed by Mr. Harringtons concise, step-by-step approach to handling lifes ups and downs. No fluff, just solutions. This book is an easy blueprint for success and should be in your library. I highly recommend it. Emile Allen, M.D. Author of Eaten By The Tiger: Surrendering to an Empowered Life Do you want to know what makes the difference between being successful and staying in a rut? What makes a successful person the way they are and what it takes to get what you want out of life? Have you had success in the past and do you want to recapture that magic, that drive and determination that focus which you know you have inside you? Sort Your Life Out has the answers to these questions and more. This step by step success guide gives you exactly what you need to get your life back on the right path so you can make things happen and achieve what you know you can achieve. If you want Faster results To get up and stay up More money A deeper feeling of fulfilment Clarity of where you are going and what you want out of life To get out of a rut A simple strategy to achieving your goals Better relationships To be fitter and healthier with more energy then this book is for you. A personal note from the author Steve Harrington I have been fortunate enough in my life to experience great success in many areas then have it all taken or thrown away. I say fortunate because I have managed to get it back again and in the process learned many valuable lessons. I know what it is like to achieve and then get into a rut and feel that life is marching on past me, what it is like to feel that I had

lost my touch and my way. I also know what it takes to get back to the true me, the successful me through studying what it takes to be successful and applying exactly what I have written in this book. Steve has learned directly from many of the worlds top success minds and has studied the science of success for over twenty years. He has taken this information directly from billionaires, business leaders and psychology experts and passes it on to you right here. He has built his own businesses which he has sold and built again from scratch. He is a family man and an accomplished athlete. He cares deeply about helping others to get what they want out of life. Some of the many powerful tools, tips and techniques you will learn are: How to get goals finally working for you to drive you forward How to create a plan for your dreams and goals which actually works How to get your focus back and KEEP it What you need to know to get you motivated and keep your momentum going so you drive forward all the time What you need to do to make your mind work for you and not against you always The small differences between success and failure What it takes to get what you want So whether you want to know how to make money, how to become a millionaire, how to set goals, how to get better relationships, how to be more disciplined, how to win friends, how to be a woman or be a man or how to succeed then this book is for you .
