

Domestic Abuse: All Sides

Abuse affects everyone, and this book explores the many different levels, showing all sides of abuse. Childrens Stories-Children caught in the middle of the abuse. Some have lost their mothers, a few have even witnessed their mothers death. All have suffered because of this abuse. Some have had to leave their homes and families behind. These stories are very powerful and moving. Left Behind-These are stories based on families who have lost daughters, grandchildren, friends, aunts, nieces and sometimes whole families because of domestic violence. His Story-This in no way condones or glamorizes his side. Some men try to explain why they felt they had to abuse. Some of the men realize that it was their fault and that they need help, while others blame everyone else. More of Our Stories-More stories about women who have suffered in abusive relationships; some survive, while others do not. Some manage to escape their situations-some with the help of the courts; others were forced to escape without receiving any help. These women were forced to protect themselves and their children from their abuser. It takes a lot of courage to leave an abusive relationship. Other our stories can be found in Domestic Abuse: Our Stories. Husband Abuse-This section is completely about men being abused by their mates. Most men cant talk about it, let alone seek help, if they are being abused. They are afraid of being ridiculed and looked upon as weak. Most of these men have never raised a hand to their abuser. This is a side of abuse that is very rarely ever heard about. My hope is that this book will open peoples eyes to this growing problem, and maybe we can all make some changes for the better. I wanted to give all of these people a voice, and now hopefully they will be heard.
