

## Saint Athanasius of Alexandria: Original Research and New Perspectives (Patristic Theological Library)

St. Cyril of Alexandria, St. Athanasius great successor, tells us: Our Father Athanasius, of hallowed memory, who adorned the throne of the Church of Alexandria for the whole of forty-six years and arrayed an unconquerable and apostolic knowledge in battle against the sophistries of the unholy heretics and greatly gladdened the world with his writings as by a most fragrant perfume, and all bear witness to the accuracy and piety of his teaching . was a man worthy of trust and deserving a confidence, since he did not say anything not in agreement with Holy Scripture. The present volume consists of a collection of essays which represent original research into the writings of St. Athanasius, Patriarch of Alexandria (295 - 373). These essays respond to challenges arising out of the contemporary scholarly studies of St. Athanasius theology and writings. These new perspectives in Athanasian studies, which these essays offer, are closer to the original theological legacy of this great Alexandrian Father of the Church who has come down in the history of the Church as the canon of orthodoxy. Modern critical research and discussions have too often tended to obscure the Athanasian legacy and bar contemporary theology from the amazing blessings that this great ecumenical teacher and Father of the Church has bequeathed to all Christian generations.
