

# Hands That Heal- Academic Edition

To provide an academic undergraduate or graduate 3-credit course on identifying and caring for survivors of sex trafficking. Developed in both an international and Christian context, this curriculum is written for students in Christian colleges, universities, seminaries, and/or other academic institutions around the world in the needs of its survivors by:

- Breaking cultural and spiritual ground in the hearts and minds of future leaders regarding the injustice of human trafficking and specifically sex trafficking;
- Christ's teaching, life, and the modern-day church's responsibility and mission to the enslaved, exploited, and those suffering in (or from) sexual slavery; and
- Developing in future leaders an informed understanding of the scope of survivors' needs beyond physical rescue and the dimensions of care required to help survivors begin a new life.
