The bundled Library of Wealth of Nations contains the following greatest economic works without the need to introduce them. It has an active table of contents for easy access to each of the books. 1) THE WEALTH OF NATIONS - ADAM SMITH 2) THE ECONOMIC CONSEQUENCES OF THE PEACE - JOHN MAYNARD KEYNES 3) THE GENERAL THEORY OF EMPLOYMENT AND INTEREST AND MONEY - JOHN MAYNARD KEYNES 4) CAPITAL (VOLUME ONE) - KARL MARX 5) CAPITAL (VOLUME TWO) - KARL MARX 6) CAPITAL (VOLUME THREE) - KARL MARX 7) CAPITAL (VOLUME FOUR) - KARL MARX 8) MANIFESTO OF THE COMMUNIST PARTY KARL MARX Seeing through future to determine the intrinsic value of a company is a challenging task since a sound know-how framework was not fully developed by Benjamin Graham and Philip Fisher, the pioneers of value investing. A sound know-how framework for value investing of Technology, Media, and Telecom is still missing today. MBAC pioneered a MBAC Framework to answer the challenge of value investing for TMT. MBAC successfully applied the framework to research industries and companies in TMT to properly price intrinsic value of a company in a reliable way. Economic characteristic view is a key component of MBAC Framework to develop the metrics of being used to seek, access, and calculate the intrinsic value of an industry sector or a company in TMT. MBAC took the fact as an axiom of the Framework that inherently built-in economic characteristics of an industry, industry sector or a company are different. The differences can be on a physical law of governing a technology product, can be on a social system of running a country, or can be on social behavior and moral level of individuals in a system. The differences of the economic

characteristics are playing a critical role of defining and pricing intrinsic value of an industry or a company. The timeless economic characteristics out of greatest economic works in human history enabled MBAC Framework to think through the market noises and to capture the actual picture of an industry or a company. To help readers learn the greatest economic characteristics out of the greatest economists in history, MABAC also bundled Library of Wealth of Nations with the book. The library is to appreciate Adam Smiths contrition of opening the view of an economic world with an un-matched true vision for us. The mission of developing MBAC Framework of Value Investing is to build the knowhow knowledge base for investors in TMT and continue the way seeded by Benjamin Graham, Philip Fisher, and Warren Buffet.
