

Soothe Your Nerves: The Black Womans Guide to Understanding and Overcoming Anxiety, Panic, and Fearz

Do you or someone you love suffer from bad nerves? Denise is constantly on edge. Shes convinced something bad is going to happen. Ruth will drive an hour out of her way to avoid driving over a bridge. When she has to do it, her chest thumps, her heart starts racing, and she breaks out in a sweat. Shes beginning to think she shouldnt leave her house. Bernice hasnt slept in two months for fear that the witch is going to ride her again. What do these women have in common? They are struggling with crippling anxiety disorders. Thousands of Black women suffer from anxiety. Whats worse is that many of us have been raised to believe we are Strong Black Women and that seeking help shows weakness. So we often turn to dangerous quick fixes that only exacerbate the problem -- like overeating and drug and alcohol abuse -- or we deny that we have problems at all. In *Soothe Your Nerves*, Dr. Angela Neal-Barnett explains which factors can contribute to anxiety, panic, and fear in Black women and offers a range of healing methods that will help you or a loved one reclaim your life. Here finally is a blueprint for understanding and overcoming anxiety from a psychological, spiritual, and Black perspective.
