

Wrestling For Beginners

At any level of wrestling competition, the basic fundamentals are essential to success in the sport. *Wrestling for Beginners* gives novice wrestlers those techniques that serve as the foundation for all wrestling instruction--conditioning, maneuvers, holds, takedowns, counters, strategy, and pinning combinations. This readable and effective manual includes hundreds of stop-action photographs emphasizing proper body positions, grips, postures, and movements. There are tips on diet and nutrition, building endurance, increasing flexibility and balance, as well as specific points for mastering each of the seven basic wrestling skills. Special appendices include a listing of United States Wrestling Federation weight divisions and scoring procedures and a glossary of terms. Tom Jarman, former head wrestling coach at Northwestern University, previously coached at Taylor University for 13 years, where his teams won seven conference championships and posted a 128-22 dual meet record. A two-time All-American champion, Jarman has coached ten national place winners and one national champion. Reid Hanley is a sports writer and the author of *Whos Who in Track and Field*. He is winner of the 1978 Illinois Press Association award for sports writers and the 1980 Illinois Wrestling Coaches and Officials Association Newsmen of the Year honor.
