

Self-Directed Behavior: Self-Modification for Personal Adjustment

Achieve your life goals with **SELF-DIRECTED BEHAVIOR!** Featuring numerous research-based strategies, this psychology book guides you through exercises for developing skills in self-analysis and teaches you how to apply these skills in different settings. Case examples demonstrate how others have successfully used the books techniques, including one individual who used shaping to gradually increase her ability to study, and another who learned to be more sure of himself on dates by consciously modeling a friends confident behavior.
