

The South Stand

Four friends from the same rugby club decide to go on a trip to the Hong Kong rugby Sevens - the most internationally renowned sevens rugby tournament in the world. Their story is an unashamed, alcohol fuelled, binge of funny stories, mishaps and bonding. Their trip leads them through the sights, sounds and bars of Asia's World City, while collecting friends and experiences along the way that will live with them - and the reader - forever. They unfortunately cross paths with the Hong Kong Police and the Hong Kong Triads, leaving the friends battling to preserve their safety. While the trip ultimately ends in tragedy, it is tragedy with a flip side... The overarching messages of the book are about friendship and the ability of sport to create strong bonds of friendship, even within short time periods. But more than anything, the novel is just meant to be fun and easy to read.
