

Aftermath (Southern Spirits Book 5)

Aftermath by Bailey Bradford Book five in the Southern Spirits series Darren Brown spent two years running from his past, but he could only run so far before he was found. Darren Brown lost the only two people he loved just days apart. His mother first, then his best friend. Guilt over his friends death drives Darren to wander for over a year before he winds up in the town of McKinton, Texas. Lee Bausch served his tour in the Army then started his quest to find answers only one person could give him except that one person had moved away. It takes him almost two years to find Darren Brown, and it turns out Darren doesnt have the answers Lee needs she is what Lee needs. Darren is shy and so sexy Lee cant get enough of him, but he still needs answers because he cant shake the feeling someone he loved was murdered. After a terrifying experience at the motel, Darren knows he has to tell Lee about the spirits in McKinton. And theres one spirit, scared and alone, who has the answers Lee seeks, if only the spirit knew how to tell Lee his suspicions are right. The Southern Spirits series Theres nothing quite like a Southern drawl or Southern charm and nothing so loyal as a Southern spirit. On the surface, McKinton, Texas seems like the stereotypical small town, USA. Smiling faces greet you everywhere you go, and people are quick to lend a helping hand. Most people, that is. Then theres the ones who let hate rule their lives, who are controlled by their own twisted passions, who are determined to hurt and destroy. Only love can withstand and triumph over such hatred, but sometimes, even love needs a helping hand. Theres something in McKinton that stands ready; Southern Spirits that intervene at the worst and best of times. With their humor, charm, and death-defying love, these spirits. About Bailey Bradford A native Texan, Bailey spends her days spinning stories around in her head, which has contributed to more

than one incident of tripping over her own feet. Evenings are reserved for pounding away at the keyboard, as are early morning hours. Sleep? Doesn't happen much. Writing is too much fun, and there are too many characters bouncing about, tapping on Baileys brain demanding to be let out. Caffeine and chocolate are permanent fixtures in Baileys office and are never far from hand at any given time. Removing either of those necessities from Baileys presence can result in what is known as A Very, Very Scary Bailey and is not advised under any circumstances.
