

Holy Unbelievable

With an entertaining mix of serious rational analysis and hilarious observations Holy Unbelievable looks at why so many people still believe in the existence of a divine being. ----- The biblical text is examined and its many contradictions and absurdities laid bare. ----- Is The Bible the source of human morality? Did Noah really build an ark? It is fair to say that PC Dixon is not convinced. ----- Whether you are a believer or not this book offers much food for thought and plenty of amusement. ----- This book is intended to make you think: Thats a good point and also laugh from time to time. Hopefully simultaneously in many cases. - PC Dixon
