

## Miles to Go

Max Jenkins watched enviously as the love between his employers, Rory and Chance blossomed. He never thought to have someone of his own to hold until Bo shook up Max's world and made him question everything he believed he knew about himself. What might seem like an impossible dream for two wounded men can be a reality if they'll only believe in each other, and themselves. Max Jenkins has been the foreman on Chance Gallagher's ranch long enough to know love between two men can be a powerful thing. Despite his rigid upbringing, Max has watched Chance and his partner Rory, has seen the deep and abiding love they have for one another, and Max has found himself thinking about things he'd never acknowledged before. When Max's friend, Bo Daughtry, is almost killed in a violent attack, Max realizes he has some decisions to make. Years of fear and ignoring his own needs make it difficult, but for the love of one man, Max will fight himself and Bo's doubts and insecurities.
