

# The Awakening of Spiritual Awareness

This in-depth book delivers the psychology behind spiritual awakening in a thorough, penetrating and yet simple manner. The author Keith Loy aims to untangle the many heady philosophies which surround spiritual awakening, thereby liberating the seeker of awakening from the need for mere philosophy and belief. He hopes to lead the reader beyond belief and philosophy in all respects, in order to uncover the awakened state of spiritual awareness, right here, right now! Keith has written this book for those who have grown weary of seeking and not finding. He demystifies and simplifies spiritual awakening, so it can now finally be accessible to all of those who truly desire it.
