

# Why Women Earn Less: How to Make What You're Really Worth

The startling truth is that the average 25-year-old woman will earn half a million dollars less than her male counterpart over the course of her career. Under-earning is an insidious problem with psychological roots that run deep. Luckily, there's help. This book is a practical, step-by-step guide for under-earning women who are ready to turn their lives around. It demystifies the process of under-earning, explores its underlying psychological and emotional issues, and offers practical advice and strategies to help overcome it. Why Women Earn Less explains how you can be better paid for the work you do. It maps out, on a practical level, how to overcome the bad habits that contribute to earning less than you deserve. As you do so, you will find yourself not only benefiting from an improved bottom line, but also enjoying a renewed sense of optimism and personal satisfaction.
