

Auriculoterapia, la sanacion holistica (Spanish Edition)

La auriculoterapia es una ciencia milenaria china que cura sin necesidad de usar medicamentos, mediante la presión ejercida en puntos clave de la oreja. Esta técnica resulta ser un perfecto complemento para aliviar dolencias y ofrece un mayor bienestar para sobrellevar la rutina diaria mientras dura la enfermedad o el malestar. Como podremos observar, se aplica en varios campos: desde trastornos musculoesqueléticos (cervicalgias, lumbalgias, artritis, luxaciones, esguinces); trastornos psíquicos (estrés, nervios, insomnio, adicciones, ansiedad, angustia, depresión); hasta dolores viscerales, jaquecas, odontalgias, trastornos digestivos y perturbaciones cardíacas y respiratorias. Además, se incluye una sección con terapias alternativas, como la acupuntura, la homeopatía, los masajes y la medicina tradicional china; técnicas insuperables para sumar a las terapias auriculares. Porque hoy las personas requieren de una medicina integrada, flexible y holística, que brinde un trato personalizado, natural y eficaz.
