

The Vintage Culture of Outboard Racing

Offering a compelling and personal look at both famous and little-known men and women who participated in an immensely colorful and rewarding sport, this book looks at the period of vintage outboard racing from the late 1940s to the late 1960s. Today, the American Powerboat Association oversees motorboat racing in America. This book takes racing enthusiasts behind the scenes to tell how the organization grew and describes its highly visible struggles. Also covered is the life of the great journalist of the sport, Hank Bowman, and the increasingly popular hobby of collecting racing paraphernalia, motors, accessories, toys, and games. This is a book for those who lived the postwar story of American outboard boat racing and for those nostalgic enthusiasts and collectors who wish they could.
