

Tax Compliance for Tax-Exempt Organizations, 2002

Tax Compliance for Tax-Exempt Organizations provides a detailed analysis of the federal tax laws affecting tax-exempt organizations and the tax treatment of donors to such organizations. It offers expert guidance to tax-exempt organizations and their tax advisors on the tax compliance issues they confront on a daily basis and the preparation of the various tax forms they must file with the IRS. It offers unique insight into four key areas: tax law and the rules that govern compliance; reporting requirements; compliance steps, choices and mechanisms; and accounting. The 2010 Edition of Tax Compliance for Tax-Exempt Organizations has been revised to bring you up to date on the latest developments in this complex and constantly changing area.
