

Is an IC-DISC Right for ME?: The Entrepreneurs Guide to Evaluating the IC-DISC

Here Is the Entrepreneurs Guide to Evaluating the Tax Advantageous IC-DISC You already know you are paying too much in taxes. You are being taxed at 40%, or more, because of the tax increases of 2013. If you export goods, you may not know or understand how using an IC-DISC can potentially reduce your tax liability by hundreds of thousands of dollars annually. That's where we come in. We help export business owners just like you determine if they are eligible to take advantage of the IC-DISC, which could translate into substantial tax savings for your export business. Step 1: Invest 5 minutes by taking the IC-DISC Qualification Assessment on page 19 to see if your export business is a fit for the IC-DISC. Less than 1% of companies in the US are a match. Step 2: If you score 60 or higher on the assessment, we work with you to help you complete a no-cost feasibility study to estimate your tax savings. Step 3: If you decide to move forward with an IC-DISC, we manage the details. We work with your in-house accounting team as well as your CPA firm to implement the paperwork necessary to take advantage of the IC-DISC tax savings. We manage all the paperwork filing to increase the likelihood that your IC-DISC is in compliance and continues to enjoy the maximum allowable tax savings. Most business owners are either not aware of the benefits of an IC-DISC or think it takes too much time to be worth it. Now you can find out if you are a candidate, in the amount of time it takes to drink a cup of coffee. If you'd like us to help, just send an email to dspray@exportadvisors.com and we will take it from there.
