Mixed martial arts is not for the faint hearted and is a combination of full contact martial arts blended together to form a unique fighting style. Starting out in mixed martial arts can be very overwhelming but this book will guide you through training and practising so you can become a great fighter in MMA competitions. As you read this book you will get practical advice and tips designed to help you win and beat your opponents by being better and faster than they are. In How to Master Mixed Martial Arts Fast! you will discover:

- Training Like a Pro training is vital if you are going to win, so learn the best ways to train and you can compete with the professionals who train for hours every day with some of the best and most effective exercises to condition your body, strengthen your muscles and help your body deliver the bursts of energy you need to strike at your opponent
- Strength Training Exercises learn some of the best strength training exercises that you can use that will help you to become stronger across your body
- The Mental Workout the mental aspect is just as important as the physical, so you will learn what mental attitude you need and how to develop it to help you win in the ring
- Nutrition understand what food you need to eat to give your body the vitamins and nutrients it requires in order to build muscle, so that you perform better in the ring
- Supporting Your Bodys Recovery discover how you can help your body to recover after a workout or fight so that you spring back quicker, ready for more
- The Importance of Meditation surprisingly this is important for MMA training and you will use this technique to help you keep calm under pressure as you learn how to start meditating
- Essential MMA

Techniques learn some of the main techniques used within MMA that you can use to take down your opponent without being taken down yourself - The Strikes find out some of the best strikes that you can use in MMA fights, those that are most effective and which strike to use when - The Kicks kicks can have more power than punches and you will learn the best kicks to use and how to use them so that you keep your balance and strike your opponent - Grappling fighting on the ground can be important in an MMA match so learn how to grapple with your opponent so that you come out on top - Guards and Submission Holds learn how to protect yourself from strikes and go for the win with a variety of effective submission holds

Mixed martial arts is becoming increasingly popular and this book will teach you all about how to train to be a winner and use the most effective techniques in your fights. This is an exciting sport and one that more people are taking up. Learning to fight properly with the techniques in this book will give you the edge that can make you a winner.
