

60 Hikes Within 60 Miles: Minneapolis and St. Paul: Including the Twin Cities Greater Metro Area and Beyond

Within the seven county metro area that encompasses the Twin Cities of Minneapolis and St. Paul lies a network of hundreds of miles of trails. Hikes were selected to be representative of the area, showcasing the park or regions main attractions or personality. Some of these trails are broad, paved corridors through multi-use parks generously developed to provide a myriad of recreational opportunities for the young and old, the robust trekker, and the casual stroller. Trails are based in a wide range of areas such as walkways of grass winding through majestic stands of Minnesota hardwoods. Other hikes are spider-web networks that remind one of well-used deer trails. Some are isolated within a pocket of greenery surrounded by vast ribbons of freeway concrete and broad subdivisions. Others are woven within the fabric of parklands so expansive that you could literally spend weeks hiking all the networks lying within their folds. Twin Cities hiking is huge so get the guide that gets you there and back. This decisive guide to day hikes in the Twin Cities area just got better. Updated maps, new hikes, new photos, and brand-new trailhead coordinates make Tom Watsons authoritative guide even more useful than before.
