Running on Empty is a fictional work about three teenage girls who have some eating problems. Anna Paterson, who runs a support Internet service, has drawn on her extensive experience to explore the different effects on each girl. She describes the difficulties they face as secrets are disclosed and treatment is embarked upon. Annas hope is that young people who suffer from an eating disorder anorexia, bulimia or bingeing will recognise the condition, feel safer talking to someone and that the stories will provide a means of support. It is also a useful book for peers who are free of eating difficulties but who can gain insight and compassion from the book. An essential teenage read. This is Annas third book about eating disorders.
