Why give up busyness? You might just find you get more done... Busyness has become a disease. The developed world is suffering from an epidemic of major proportions, and the disease at the heart of it is busyness. We are addicted to doing one thing after another with as little down-time as possible. This is a sickness, a spiritual sickness. Why is busyness so bad? It distorts your perception It makes you feel self-important It makes you rude Its an excuse for impatience Its an excuse for not getting things done Its addictive It burns you out Its lazy - chronic busyness occurs when you have not asked the important questions or decided on your priorities Learn Time Wisdom in an hour and get your life back!
