

# Hypnosis for Cultivating Intuition (Hypnotic Empowerment for Self-Awakening)

The Wolf on the cover of this audio CD represents what this hypnotic audio product can do for you. [Wolf: Friendly, social, highly intelligent with a powerfully developed intuitive sense.] This Audio CD contains 2 programs. Program 1: Hypnosis for Cultivating Intuition. Verbal step-by-step instructions gently guide the listener into a hypnotic trance state. Positive suggestions are then given to the subconscious mind to help encourage and strengthen the listeners intuitive ability otherwise known as the 6th sense and often referred to as that gut feeling. With regular use the listener can learn to feel as well as see, hear, taste, touch and smell. Program 2: Relax and Improve Your Intuition. Step-by-step instructions guide the listener into a deeply relaxed trance state. Deep relaxation is extremely beneficial to mind, body and spirit. Program 2 enhances the effects of program 1. Program 1 and program 2 may be used independently of each other. An enclosed booklet describes what hypnosis is and how best to use this CD to achieve the greatest results. Effects will vary from person to person. Hypnotherapy is considered complimentary medicine and is not intended to be used in place of medical or psychiatric care.
