

Sophie, in Shadow

Its 1914. Sixteen year old Sophie Pritchard, orphaned two years earlier by the sinking of the SS Titanic, is about to begin a new life in the unfamiliar world of British India. For Sophie, still devastated by her parents death, India proves a dangerously unsettling environment. Are her terrifying experiences in Kalis temple and the Park Street cemetery hallucinations, or has she somehow been drawn back through the centuries as a witness to dark places in Calcuttas past? Sophie it seems has become an unwilling traveler in a timeless zone where past, present and future co-exist. Kidnapping, enemy spies, and terrorist plots all play their parts against the background of a world at war and growing unrest in the Indian subcontinent. Soon Sophies powers of precognition will be called upon to help thwart a conspiracy that could incite a bloodbath in Calcutta, and deliver India into enemy hands....the ominous news of WWI battles, the horror of the number of dead, and the personal sadness of losing friends to PTSD (or shell shock as it used to be known) set a sombre anti-war mood and will stir the hearts of ... readers. Jan Alarshall, Resource Links October 2014 Sophie, in Shadow deftly weaves intrigue, spies, and mystics with more than a dash of the occult into a story that will captivate any reader. -- Linda DeMeulemeester, author of the Grim Hill Series
