

How to recognize a REAL friend: for ages 10 and up (The LockMarie Collection) (Volume 5)

This is a deep, down and dirty discussion on friendship. How to be a friend and how to recognize one. The importance of being friends with your mate before you become lovers and on and on. This book is great for pre-teens, teens, young adults, adults and old folks. Everyone wants friends and everyone should know how to spot a real friend and how to be one. Get ready to be informed like you never thought. My style of writing is sort of different from most authors. I write the way I was taught, straight and to the point. Dont be tricked everyone who says they are your friend--are not..
