

# Lightweight Camping for Motorcycle Travel: Revised Edition

How can you pack all the camping gear and clothing needed for two people on a motorcycle? At first, it may seem impossible but it is easier than you think-if you do your homework. You must learn how to acquire the right gear, how to pack it, and how to use it at your campsite. *Lightweight Camping for Motorcycle Travel* provides the information and suggestions you will need to buy the right clothing, tents, sleeping bags, tools, lights, cookware, and other camping gear. It describes how to set up comfortable campsites, use ropes and knots, cook great tasting meals, stay dry in stormy weather, stay warm on cool nights, and prolong the life of your gear. Once you take a few trips and master the necessary skills, you will enjoy many pleasures you could never experience in an expensive motel room. You will enjoy breathing fresh air and smelling food cooking at the campground. You will enjoy walking on scenic trails and relaxing at your campsite. In the evening, you will enjoy sitting by a warm campfire, listening to an owl, and occasionally hearing a gentle rain falling on your tent.
