

Eating Without Guilt: Overcoming Compulsive Eating (Self-Counsel Psychology Series)

Have you dieted and dieted again, with no satisfactory weight loss? Do you diet to try to control your poor eating and overeating habits? Dieting is, at best, a temporary solution to overeating. The real solution is to change your attitude toward food and learn to eat right and for the right reasons. Millions of people use food as a shield against things such as stress, anger, and loneliness. Feeding an emotional craving with food is the root of compulsive eating; replacing food with more satisfying pleasures -- creative work, loving relationships, high self-esteem -- is the solution. A practical guide to discovering what lies behind compulsive eating, (and) addressing the real problem. Healthline
